Wireless Emergency Alerts

How do you receive your emergency information?

Randolph County has adopted a “Wireless Emergency Alert “ system known as NIXLE.

This is a free system which allows Randolph County residents to receive emergency notifications such as water related emergencies, traffic emergencies, scheduled power outages, hazardous materials incidents and other watches and warnings. This information is immediately made available to you over your mobile phone, email and/or computer.

Sign up here for Randolph County, WV [Wireless Emergency Alerts!](#) We will notify you in the event of an emergency, such as an evacuation or flooding etc.

To sign up for Wireless Emergency Alerts (NIXLE) now go to:
<http://rcoem.org/notifications/nixle/how-to-setup-a-nixle-account.html>

Also join us on Facebook and stay in touch for Emergency Notifications, Public Safety Announcements, Training Opportunities and other Emergency Management related events.
